Tech skills

- HTML5
- CSS3
- GIT
- VSCode
- WebPack/Parcel
- JavaScript
- React.js

Soft skills

- Scrum
- Agile
- Self-Motivation
- Teamwork
- Attention to details
- Independence and readiness for selfeducation

Front-End Developer

Yevhen Karpov

I am really interested in IT and want to get more experience in this field, so I`m currently taking full-stack courses. During my study, I designed some projects using such technologies as CSS preprocessors, JavaScript, HTML, CSS, React.js, responsive and flexible web design. I am looking for an internship as a front-end developer to improve my skills and work with experienced developers.

Projects

1. https://yevhen-karpov.github.io/goit-markup-hw-08/ .... **[** HTML5, CSS3 **]**
2. https://yevhen-karpov.github.io/project-group-20 .... **[** HTML5, CSS3, Parcel (team project, scrum master)**]**
3. https://yevhen-karpov.github.io/My-website/ .... **[** HTML5, CSS3, JS (pet-project) **]**
4. https://yevhen-karpov.github.io/Filmoteka/ .... **[** HTML5, CSS3, JS, Parcel (team project, scrum master) **]**
